Dear Praying Partners,

We are reminded often of the magnificence of our Lord as we contemplate what we are to learn from the presence of the COVID virus. We know He is in control and that man's efforts to control the virus are in vain without the Lord's intervention. The Lord wants the attention of the whole world, and this is what we share with our friends when they ask us why God is allowing this virus. He is looking for people to turn to Him and put Him first in their lives instead of putting their trust in science, the environment, education, (con't on March 2021)
